The story was about how Greg's brother Rodrick troubles him and his friend. The small trouble maker of this house was Manny. He would get Greg into trouble by blaming him for all the naughty things he would do.

The main character was Rodrick because his name is the book's title and he made the story really interesting for me as he was funny but sometimes he would be really cruel. The author was able to show how a brother can be so irritating which I can understand. I also liked the way Greg was supporting Rodrick.

I thought that Jeff Kinney had done a great job because he had given everything in detail. I loved this book out of all the books in the series.

The story of this book was really funny as Greg was trying to dance with Holy Hills on their school party. On the other side uncle Gary was selling his hand made t-shirt he was selling them when lights had gone and the senior citizen were having a meeting about the children of their colony.

The main characters are too funny to tell but still I would to introduce them to you, they are Greg who is the wimp in the book and was the partner of Holy Hills. The other person was the buddy of Greg, Rowley the silliest of all he wore the costume of Josie the pop singer of France the first time he saw him in his concert and from then he is a big fan of Joshie.

The opinion I would like to give this book is that it was totally fun and I enjoyed reading it had words which helped me to know more words I want to thank Jeff Kinney to write this book.

The story is about a year in the boy's life. The boy loved a game called 'kewskers'. He is not so good in studies or sports. The main character is Greg Heffley and he is very creative. He likes computer games a lot.

The game kewskers reminds me of the game 'A pet's life'.

I think that the book is funny .Greg shares his miserable year and Rowley his best friend is the funniest guy.

The story is about a kid called Greg. He is obsessed with Rodrick, his brother. Their mother and father are going for a holiday and are leaving them home so they can be friends. They broke that rule but decided not to tell their mom and dad because they had a great time and became friends.

The characters reminded me of my Dad, Mom, myself and especially as Greg and Rowley were kind of a family it reminded me of my two small brothers.

The story is about three brothers out of which two were in high school and the smallest was not in school. The middle brother was troubled by his two other brothers and tried to stay in a calm place where nobody could trouble him.

The main characters are Rowley, Rodrick, Manny, Greg. Greg and Rowley were best friends Rodrick and Manny were Greg's brothers and they liked to trouble Greg and Rowley who were always trying to get away from them.

This story reminds me of the time when my sisters used to trouble me the same way at home.

This story is about a boy called Greg Hefley whose summer had started. But this summer he always had some trouble coming for him. First he played video games for hours when his dad had gone for work but his dad caught him. Then his best friend Rowley Jefferson invited him to the country club. Greg told his dad that he had a job over there but he said that because his very good friend Holly Hills was a member and he got into more trouble day by day. He also got into trouble with his dog Sweetie.

Greg is a boy who always gets into trouble a lot in his holidays and even otherwise.

Rowley reminds me of myself because he is funny like me.

My opinion of this book is that it is very funny. My favourite part was when he told Holly that he loves to play tennis but in reality he did not know how to play. It is hilarious!
