

## Class 9 NIOS

### Home Science Assignment

1. *In your note book answer the following questions:*

- a. Discuss the relevance of Home Science in your day-to-day life.
- b. Research about Swine flu and find out how it spreads. Also list five precautions that you should take so that you don't get this infection.

2. *In your Practical record file:*

- a. Collect one sample each of plain weave fabric, twill weave fabric, satin weave fabric, and knitted fabric, and paste them in your practical record file. Write one use for each of them.
- b. Collect samples of dyed and printed fabrics. Stick them in your practical record file.
