ASSIGNMENT .I

The summer break has been extended in Haryana, Himachal Pradesh and Delhi. In fact most students in Delhi got a two week bonanza! one week in May and one in June! But it's the hottest summer yet, temperatures are soaring, Delhi has a power shortfall of 1040MW and a water crisis and if you thought you could escape to the hills their fate is no better. The hills are also recording their highest temperatures ever. The prices of fruits and vegetables have increased, there could be an increase in the prices of oilseeds and a shortfall in the production of rice. India has stopped the export of wheat.

1. Do you feel the citizens of this country are in any way responsible for the above mentioned scenario? Give reasons for your answer.
2. What is the impact of the heat wave on the Indian economy?

3.Suggest any one feasible lifestyle change that could make a difference to the environment,and
make the world a better place for you and me and the entire universe !
