

SUGGESTED READING LIST CLASS ONE- 2012

This is an indicative list. It is a good idea to start with a book in an area in which your child is interested. Books with predictable plots are often enjoyed, as the children enjoy being "right"! Silly stories like tall tales and Dr. Seuss nonsense are a big hit. Discussing the illustrations helps the child look for context clues. Continue including "how" and "why" information books in your reading.
