

SUGGESTED READING LIST FOR CLASS FIVE-2012

This is an indicative list. The books are listed according to genre. However, some books could belong to more than one genre. It is a good idea to start with a book in an area in which your child is interested.

Children in Class 5 gather more information by reading than ever before. They are interested in nonfiction books about people and the things they do. Stories with outrageous characters tickle their funny bones. Having a variety of materials available - magazines, newspapers, and books -encourages reading as a leisure activity.
